

Quick start assessment

For each of the following terms:

- place a mark in the second column if you have ever heard or read about the term
- place a mark in the third column if you can explain the term to a classmate who never heard about it before, from the top of your head.

Term	Have seen	Can explain
POSIX		
GNU		
BSD		
shell		
socket		
pipe		
signal		
process		
environment variable		
man(1)		
mount		
/proc		
strace/ktrace		
make
